

Checkout

This section explains how to check out items and how to renew them.

Printable Quick Guide: Checkout & Renewal

Simple Checkout

The checkout window automatically opens when you log on.

If you have closed it and need to open it again, click on  in the toolbar or from the navigation bar select Circulation > CKO.

In the checkout window, scan the borrower's card. If the borrower doesn't have their card with them, ask for ID and **[F4]** search for the borrower.

After you have scanned the borrower's card or searched for them, Horizon will show the borrower's name in the checkout window.

To checkout each item, scan its barcode which is found on the back cover. Each checked out item appears in the checkout window, along with the due date and other information:

Borrower		Partridge, Alan Gordon (a - Adult (18+))		Barcode		23296003349203	
Item or Borrower Barcode		<input type="text"/>					
e		IType		Owning Loc/Price		Due Date	
	1. Strange angels.	b	33296015108827	sjh	12.50	12/28/18	
	2. Defiance.	b	33296019631691	sjh	12.50	12/28/18	
	3. Reckoning : a strange angels novel.	b	33296019747844	sjh	11.50	12/28/18	
	4. Betrayals : a strange angels novel.	b	33296017298667	sjh	12.50	12/28/18	
	5. Jealousy : a strange angels novel.	b	33296018517727	sjh	12.50	12/28/18	

Remember to stamp the item with the due date shown.

The standard loan period for most library materials is 3 weeks. Horizon might reduce the loan period for high-demand items. Loans can normally be extended by renewal.

Clear the Checkout Screen When Finished

When you have checked out all items to the current borrower, click on **Clear** before doing any more tasks in Horizon. This will remove the borrower's details from the screen and prevent accidentally checking out other items to them.

If the Borrower has Fines or Other Blocks

If a borrower owes fines then a window will open after scanning the borrower's card showing their current blocks. This Blocks Window prevents you from checking out items until you have made a decision about the blocks. When you have made a decision click on **CKO** to continue.

The section *Blocks and Fines* explains this.

All Items Out

Click on **All Items Out** to see the full list of items checked out to the current borrower.

Items checked out in the current session appear in [blue text](#). Items checked out previously appear in **black text**:

Borrower

Pugh, Gladys Mary (a - Adult (18+))

Barcode

23296003349237

Item or Borrower Barcode

It is a good idea to view all items out during checkout because it allows an opportunity to renew items that are almost due for return.

If possible, it is also a good idea to check in any items returned by the borrower before checking out items to them. This will ensure that the list of all items out is up-to-date.

Non-Catalogued and Non-Circulating Items

Some books, such as Harlequins, are not and should not be catalogued. They can be loaned, but the loan will not be recorded in Horizon. Simply stamp a 3-week due date on the back of the item and keep a count of these items in your daily stats.

You might have items at your site that aren't catalogued but should be. For example, titles that were added to the collection before automation, or donated newer items. These items can be added to Horizon. That can be done during checkout if time permits. If there's not time, add them when they are returned. The chapter about [Adding and Editing Items](#) explains this.

Some items are not available for check out to borrowers, and are restricted to in-house use. These include reference books, encyclopedias, almanacs, and dictionaries. If you try to check out one of these items, then Horizon will display a message telling you that the item cannot be loaned. Click on **Continue** to close the message.

Changing the Due Date

You can change the due date of an item that is checked out. To do that:

- open the checkout window
- scan the borrower's card or search for them
- click on **All Items Out**
- select the item or items
- click on **Edit Item**

If you have selected more than one item then Horizon will ask:

- "Okay to make a batch change?"
- click on **OK**

The current due date appears in the Due Date Field, in the format [mm/dd/yy](#):

- change this to the required date.
- click on **Save** then **Close**.

Changing the due date should only be done at the time of first checkout. For example, if a borrower is going to be away for longer than the standard 3-week loan period and it would be difficult for them to renew.

Do not give an extended loan period for items loaned from other locations, nor for in-demand items.

The due date for overdue items cannot be edited. To extend the due date for an overdue item, you must renew it.

Renewals

Borrowers can renew items in person, by phone, or online. The new due date is usually 3 weeks from the current date, to match the standard 3-week loan period, but pay attention to the screen

in case it is shorter.

Items Present

If an item has been brought back to the library, then it can be renewed providing that there are no requests.

Items Not Present

If an item has not been brought back, then it can be renewed a maximum of 3 times before the borrower must return it. This is to ensure that the item has not gone missing. If the borrower returns the item and there are no other requests, then you can check it out again to them.

Items on Loan from Other Locations

Items borrowed from other libraries within our provincial system can be renewed the same way as items borrowed from your location.

In general, items borrowed from out-of-province cannot be renewed. If an extension is needed, then check with the divisional inter-library loans manager.

Items Overdue

Overdue items can be renewed and Horizon will calculate the fine owing as if the item was returned today.

Items Lost or Claimed Returned

Lost and Claimed Returned items cannot be renewed. Those items must be checked in and any fees processed.

Items from the eLibrary

Items borrowed from the eLibrary, such as eBooks and eAudiobooks, cannot be renewed using Horizon and do not appear in the borrower's list of all items out. Borrowers must use the eLibrary system to loan, renew, and request eMaterials.

Renewing One or More Items

- open the checkout window
- scan the borrower's card
 - or for renewal-by-phone, search for them
- click on **All Items Out**
- select the item or items that you want to renew
- select from top menu **CKO > Renew**
 - or **CKO > Renew All Items**, if appropriate
- Horizon will ask "Are the Items Present?"
- click on **Yes** or **No**

When an item is renewed, its new due date appears next to its title in the list of checked out items.

If the due date is for a reduced period, Horizon will let you know.

If an item cannot be renewed, Horizon will tell you.

Lending Policies

Type of Item	Loan or Renewal Period	Max # Renewals	Max # Out
book	3	3	18
periodical	3	1	12
dvd or blu-ray	3	1	6
audiobook	3	3	6
sound recording	3	1	6
talking book	3	3	6

Horizon will prompt you if you attempt to exceed the maximum number of renewals or exceed the maximum number of items out.

The loan period might be automatically reduced by Horizon if an item is in high demand.

Horizon actually allows twice the maximum number of books to be checked out to a patron.

Why? Because staff might not have time to check in all returned items before checking out new items to a borrower.

Your site might use lower lending limits than Horizon allows. Please tell your borrowers what your site's policy is concerning the number of items that they may check out.
